Next Steps

1. After your application is submitted and approved, we will send you a quotation for the number of days for your audit.
2. When the quotation is approved, an audit date for your audit will be set.
3. An invoice will be sent 30 days in advance of the audit which is for the audit days plus any expenses.

Certification Audit Schedule

1. The certification expiration date on the certificate that you will receive will drive future activity.
2. Future Audits
 1. Your first year of certification, an audit will occur to survey if you are still following the expectations of the standard.
 2. Your second year after certification an audit will also occur to survey if requirements are still met.
 3. The third year post the initial audit, a Recertification Audit Occurs.
3. Your contract will explain the number of days for each year and the costs.
